THE HARD FACTS

Of the case are that for the cheapest first class hardware for domestic and other purposes our stock claims first place by a long distance. The fact that every article we sell is so good explains why it will stand such hard wear, and stand it so long before it wears out.

If there is anything people like to have come in small sizes in price. Our figures come that way, and all who come our way come out handsomely.

We want to call your attention to our Oil Lamps, just the thing for cool evenings, from \$4.50 up.
